THE ANTARCTICAN SOCIETY

Will hold an open meeting at 8 P.M.

THURSDAY, SEPTEMBER 11, 1969

at the

NATIONAL ACADEMY OF SCIENCES, LECTURE HALL
2101 Constitution Avenue, NW

Members, their families and all persons
interested in Antarctica are invited to attend

MR. ROBERT B. THOMSON

will lecture on the

"NEW ZEALAND ANTARCTIC RESEARCH PROGRAM"

Mr. Thomson is the Superintendent, Antarctic Division, Department of Scientific and Industrial Research of New Zealand. He has been associated with antarctic research for several years and his experience includes wintering with the New Zealand and Australian National Antarctic Research Expeditions. For the past several years he has administered the New Zealand antarctic program and in this capacity has been closely associated with the United States Antarctic Research Program.

We are indeed fortunate to have a fellow Antartican from New Zealand speak to the Society, and I sincerely hope that we can provide a good turnout on this occasion.

Refreshments will be served after the meeting.
