

VIA AIR MAIL

Mrs. Robert D. Grass
275 Garnet St.
Broomfield Colo.
80020

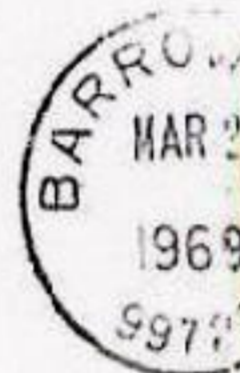

Flight made it possible for Bob Grass to work at both Poles the same year. In March of 1969 he was at Stations Alert & T3 in the Arctic. In Oct. & Nov. 1969 Bob was back at the South Pole. T3 no longer exists. Its postmark was the latitude & longitude of the drifting berg.
